Ben Brancel, Secretary

ANNUAL CENSUS MATERIAL AVAILABLE ELECTRONICALLY

The Division of Animal Health is now able to provide pre-populated census forms and we can also supply your forms electronically. With this new system in place, it is our goal to supply you with forms that show the information you supplied the previous year. This information will be coming to you approximately 30 days prior to your anniversary date to ensure you have the information in a timely manner.

We would also like to offer you this information electronically and also allow you to submit your census forms electronically. Please note that your herd health letter from your veterinarian will still need to be mailed to the office.

If you would like to receive your forms via email please fill out the information below and return it with your current census. You will begin receiving your forms electronically during the next census cycle.

Please send my forms electronically.
