Description:

Our family version of antipasto began with the second generation "Giordana's." They came from Italy to the Upper Peninsula of Michigan in 1906 and brought with them their Authentic Italian recipes. Our family gatherings traditionally began with antipasto, red wine, garlic bread, and animated conversations. My grandmother and mother were passionate about cooking for their families and it showed by preparation and presentation of delicious traditional Italian dinners. Watching these women cook influenced me greatly. I not only have the love for cooking, but the desire to teach and share with others. We have put together our families' recipe of antipasto to share with all of you. Antipasto literally means "before the meal." The main purpose for antipasto was to extend the meal. It started the meal followed by salad, soup, pasta with meat, and a light dessert. The abundance of courses was only part of the

experience. The other part was the animated family conversation. The combination of antipasto and conversation maintained our family relationships. Augusta's Antipasto is named after my grandmother, a picture of my mother decorates the jar, and I've named my business with the thoughts of family. This recipe and the love of cooking continue today with my daughters' participation in continuing this tradition. We hope you enjoy our antipasto as much as we do. Sincerely, Diana and Daughters

Business Hours: Wednesday, Thursday 12 Noon-7PM Friday, Saturday 12 Noon-7:30PM Sunday 12 Noon-7PM Closed on Monday & Tuesday Yall stop by and enjoy some great Texas BBQ and Cajun specialties in our Ole' Texas BBQ Joint atmosphere. We offer our Award Winning Brisket , Ribs and our famous bacon wrapped jalapeno poppers all smoked and prepared Texas Style along with Cajun specialties. Stop by a down to earth real Texas BBQ Joint and enjoy some good food and drink. We offer liquor and beer and our special Sangria wine slushy to cool you off! DINE IN, TAKE OUT AND CATERING We don't cook nothing out of a can or a bag at our BBQ joint! All our products are made from scratch in house except the Beasley Smokehouse Sausage, Alsum's Sweet Corn, and Colonial Bakery buns. The Beasley Sausage is imported in from my favorite local sausage maker back in Buna, Texas. We support the local folks here as well with the most awesome sweet corn we have ever tasted from Alsum's Sweet Corn in Randolph, WI, and Colonial Bakery buns from Madison, a family owned and operated bakery that still uses Grandpa's hard-roll recipe. Buy these products in our restaurant frozen and ready to heat and eat! Boudain Beasley Smokehouse Sausage Smoked Beef Brisket Fresh Baked - Our famous Maw Maw's Buttermilk Pie

Together sharing their treasured family recipes using exotic ingredients so you can experience and enjoy the true taste of home-cooked, all natural Indian cuisine. We are not a quick fix for Indian. We are not some sort of weird, shelf-stable heat and serve pouch. We are not frozen. And we cannot be made in a microwave. We are not a jar that you can add to just anything and call it, "Indian". Nor are we just another packet of spices. We are the whole, real, raw ingredients. We are all natural Indian. We are a convenient solution. We are helping you decide what's for dinner. We are providing you just the right amount of those hard to find ingredients that you don't want to be stuck with for the next five years because you only need a little bit. We are an experience without the hassle. We are a family. We think it's important for you to see the colors, hear the sizzles, smell the spices, taste the flavors and feel the experience.

"The Future of Tradition." Kitchen Craft Cookware is not satisfied with being "The Best." The technology behind our cookware is constantly being improved. Kitchen Craft Cookware is made by the most environmentally responsible cookware manufacturer in the country. The factory was designed to build the world's best cookware in the most effective and efficient manner possible. Guaranteed for a lifetime. We continue to build our success by planning for the future and keeping sight of the past. We represent "The Future of Tradition." Our Mission Our mission is to provide the very highest quality cookware available. Benjamin Franklin said "The bitterness of poor quality remains long after the sweetness of low price is forgotten." Our cookware is manufactured under the most stringent quality control. We are an American company seeking to provide American-made cookware that lasts a lifetime, rather than sacrificing quality for lower prices. Our goal is to provide everyone the opportunity to own modern, stainless steel kitchen equipment. This enables them to prepare the healthiest menus possible in the least amount of time, with minimal energy. Superior products of quality, honored with a lifetime warranty, will literally become a family tradition as it is passed through an unlimited number of generations. We are proud to boast that we are the leader in our industry, marketing the original and first stainless steel, waterless cookware in the world. We invite customers from generations past to share their testimonies. We promote equal opportunity to those extending equal efforts without discrimination. Within our career, we know that the path we've chosen has an impact on the earth we share with all.

The story begins in the small Wisconsin community of Watertown. It was here that Tony Kraemer, a lifelong farmer, decided to build a small dairy business on his property. Could Tony, the patriarch of the Kraemer family enterprise, ever have envisioned that three generations later, his family would still be carrying on the tradition for fine dairy products and service he began in the 1920s? Tony's farm and dairy operation survived the Depression, and he was able to build his business through

the next two decades. In 1949, Tony's son, Jim, joined his father, concentrating on all facets of the operation. Jim spent years learning his father's business, doing everything from working the farm and land, to delivering milk and building a loyal customer base. But Jim's interests lay in another area of the operation, and in the early 1970s, he and his wife, Joanne, were able to realize their dream. It was here, on the family homestead that Kraemer Dairy Store was born. Over the next three decades, Jim and Joanne worked to build the business, scoured the state to find the finest cheeses, and in the process, groomed the next generation of Kraemers. Beyond their keen eye for the best cheese and sausage products, the Kraemer family makes its own cheese spreads (17 varieties in all) from recipes created by Jim himself. These fine spreads are made in small, 40-pound batches to ensure quality, flavor and freshness. Still located in Watertown, the Kraemer family sells and ships more than 500,000 pounds of premium cheese and cheese products each year all over the country and abroad. Today, thanks to Jim and his wife, Joanne, and sons Mike, Richard, and son in law Dan. Kraemer Wisconsin Cheese is carrying on the Kraemer legacy as a shining example of hard work, family values, attention to detail and quality products and service.

Description:

My story begins in 2007 when I started raising dairy goats with my Mom and Dad in beautiful Chaseburg Wisconsin. For whatever reason we always had milk that needed to be thrown out, therefore we were looking for a way to utilize this milk. Then in March of 2010 I received a letter for a class on how to make goat milk soap, I attended the class and it opened my eyes up to a whole new world. After about 6 months, a few batches, and several funny looking bars I finally had it figured out! I named it Mama's Milk Soap after my favorite goat Mama, who after all these years still thinks of me as her kid and comes running when I call out "mmmmaaammaaaa." in the barn. In 2012 the prices of feed sky rocked and times became hard for our little goat farm. We were trying to weather the storm and keep our farm above water, but my asthma started to flare up. We came to the conclusion that it was an allergy to the ammonia put off by the number of goats we had on. So we made the hard decision that we would sell our goats and Dad and I would go back to working off the farm. I kept my favorite 14 goats, including Mama of course, so I could still make my products and continue my dream of working for myself. My goal now is to grow and be able to sustain my family and our little goat farm. I have renamed my company Mama's Milk Shopp because I have expanded my product line to include lotions, creams, facial masks, and have many more products in the works. In the last few months I've been sell my products at local farmers markets, craft shows and a few small specialty shops. Recently I have started exploring the market of making custom soaps and lotions for businesses, and think this will be a unique addition to my special company.

Description:

Our beef is better for you because in large part it comes from a holistically healthier animal. The adage we are what we eat is directly related to the animals and plants our food comes from. Our beef are afforded a diet that is strictly forage based. This is what Mother Nature intended as the cow's diet and the results are astounding. As proof, several years ago we participated in the voluntary Wisconsin Johnes Disease Testing Program. Mountain Lane Farm was the ONLY Wisconsin Beef Operation to test for Johnes (pronounced Yoh-nees) disease, a debilitating digestive disorder that has been linked to robbing operations of up to 40% of their herds. We didn't test because we had problems, but to create an air of transparency that separates us from other producers. In the four years we participated in the program, we had NO positive cases. Diet is but one component of health. Environment is another factor and here at Mountain Lane Farm we have addressed that as well. In order to provide the most humane experience, Mountain Lane Farm worked with Animal Welfare Approved. An arm of the Animal Welfare Institute, Animal Welfare Approved provides volunteer producers the opportunity to earn certification by adhering to the highest protocols, comparable to, or exceeding national organic standards. In essence, from conception to rendering, animals at Mountain Lane Farm are treated with the highest degree of care. The Animal Welfare Approved label is proof that each animal is itself a work of art. We also retail small grains with the same intent of providing you our customer with the same caliber food grade product. These are marketed in conjunction with the Lonesome Stone Milling Company out of Lone Rock, Wisconsin and the results will definitely leave your baking experience forever changed.

O&H Danish Bakery is a fourth-generation run family business in Racine, WI that has been creating quality Danish Kringle and pastry since 1949. Baking quality Kringle is a time intensive process, of gently rolling butter into dough and letting it rest overnight, repeating the process over three days. The result is a 32-layer pastry dough, that when baked, is exquisitely rich, yet light, tender, flaky and flavorful. O&H Danish Bakery makes their own quality fillings using only the finest ingredients such as choice pecans, Wisconsin cream cheese and Door County, Wisconsin cherries. Every day O&H Danish Bakery bakes at least fifteen different flavors of Danish Kringle, providing customers with an opportunity to explore the many flavors that can be enjoyed as Kringle. O&H Danish Bakery is also a full-service bakery providing customers with products such as cake, cookies, bread and more!

Description:

OvenWorks Pizza was started in the late 1980's by James "Jimmy Boy" Edming of Glen Flora, WI. This modest little pizza company grew to be a force within the frozen pizza market serving Wisconsin, Michigan, Minnesota and other remote locations. The OvenWorks Pizza Corporation was purchased in February 2006, by another Wisconsin family ensuring the commitment to quality, craftsmanship and the use of premium ingredients would remain the cornerstone of this product. The weight in our pizza is not in the crust like so many others, but our density comes from the weighty Wisconsin cheese, quality meats and premium sauces. A message from the owners of OvenWorks Pizza: It was our personal experience with these great pizza products that sparked our interest and eventually led us down the path of becoming the owners. From our very first taste we knew this pizza offered something different, something unique, something no other pizza offered in the frozen pizza category. We hope you too enjoy "Something Special From Wisconsin!" Alan & Wendy

Description:

Shamrock Soaps has started a quiet revolution. One where we are not in competition with each other to see who can get more done in a day. One where taking a moment to recharge and relax is understood as positive and useful, rather than a guilty pleasure. One where we take care of ourselves, and also each other. That's why Shamrock Soaps only purchases ingredients and packaging from suppliers that are socially responsible. Our suppliers are other small businesses (in the US and Ireland). So, your dollars directly support families. And that's why we give a portion of our proceeds back to the community that supports us. So, your dollars support causes you care about. Shamrock Soaps bath and body care products are inspired by moments of joy and calm in our lives. A perfect bowl of oatmeal at a leisurely breakfast, a day at the beach, an evening of Irish dance. Will you join our quiet revolution? Find your moment of calm today. Smell good. Do good. Feel good.

Description:

Welcome to Sternitzky's Maple Syrup and Bison. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. We also raise 100% grass fed all natural bison. We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

Description:

Located in the Southwestern hills of Wisconsin, the Summer Kitchen forms the original 1849 homestead in the once-thriving red mining community known as Centerville, Wisconsin. When Summer Kitchen founder, Jim Schroeder bought the property in 1972, the home was in horrible condition with cows standing in the living room. It's now a showplace. Jim originally canned wild-growing plums and apples he found on the property, taking them to the Dane County Farmer's Market in baby food jars sealed in paraffin wax. The Kitchen now features a vibrant orchard of apples, plums, cherries and peach trees, along with grapes, currants, apricots and several varieties of berries. The baby food jars have been replaced with modern canning jars. With the passing of Jim Schroeder in May of 2011, business partner, Dan Aultman has assumed full ownership of the Summer Kitchen. My family moved into the area in 1978, explains Dan, and Jim introduced himself and started babysitting me. I was four years old. When he was out planting, I was there with him. My first job was to count plants in increments of ten and then drop them in the holes for Jim to plant. Jim says pretty much all I did was drink Tang, which was a popular drink at the time. Much has changed since Dan's Tang-drinking days. Dan

Description:

Established in 1987, and loved every minute. We make beautiful Fraser Fir Christmas wreaths and speciality shapes decorated in a variety of styles: naturals, glitzy, traditional. We also do dried and silk floral arrangements and Cemetery headstone arrangements. Special orders and mail orders are welcome. Have made items for Christmas, Mother's Day and Memorial Day and a couple of weddings.
